

**HISTORICAL MAPS COMMITTEE
FACSIMILE PROJECT ANNUAL REPORT 2000**

Two bird's eye views were printed and fully sponsored:

Montreal, PQ, 1889 – sponsored by Bibliothèque Nationale du Québec, Montréal, Québec.

Quebec, PQ, 1905 – sponsored by Bibliothèque, Université Laval, Sainte-Foy, Québec.

Sales continue to be steady for the map reproductions, as can be seen in the Publication Officer's financial report. Invoices filed for the year numbered 110 and additional transactions were completed over-the-counter involving about 800 maps.

I tendered my resignation as chair of this committee to the board in the fall. It is hoped that a new committee will be in place this summer. I encourage any members interested with this project to get involved in some aspect of the series production. It is very rewarding to sell our product worldwide.

I will miss the wonderful cooperative financial process with cheque deposits that Louis Cardinal and Pat McIntyre have provided over the past 10 years.

Respectfully submitted,

Cheryl Woods
Historical Maps Committee, Chair
April 19, 2001
