Beth Ray	Member
Shirley Harmer	Member
Betty Kidd	Member

The focus of the Publications Committee was a review of the role of monographic publications in the ACMLA. This process, which was headed by Betty Kidd, included a survey of the membership and has resulted in a report, *Review of Monographic Publication Program with Recommendations for the Future*, prepared by Betty. The Review will be discussed at the open meeting of the Publications Committee at CARTO 2002.

I wish to give special thanks to Betty Kidd for all her work on this project.

The Review is available from the ACMLA web site through a link from this Publications Committee report. (http://www.ssc.uwo.ca/assoc/acml/carto2002/acmlapubl_BKmay2002.pdf)

Catalogue of Canadian Fire Insurance Plans: A union list for Canadian collections. This major work is on the verge of publication after extensive work by Cheryl Woods and Lorraine Dubrule. Publication is expected later this year.

Respectfully Submitted
