

ACMLA Webmaster Report

April 2002

This past year, the ACMLA web site has undergone some changes (in addition to regular maintenance). The additions and updates are listed below:

Map Cataloguing section...

This section was added to the ACMLA web site earlier this year. The Bibliographic Control Committee has devoted considerable effort to put together this new section of important resource material. This project gave the committee and the webmaster an opportunity to test our electronic communications skills -- all of our consultation/correspondence was done via email! For printing convenience, most documents in this section are provided in PDF format.

Rules of Procedure...

Changes to the Rules of Procedure document were made -- a PDF version of the document is now available on the website for downloading/printing (in addition to the HTML version).

ACMLA Awards - List of Recipients...

The list of award recipients is now available on the web site.

ACMLA Membership Brochure...

The web version of the ACMLA Membership Brochure has now been updated.

Facsimile maps information...

Facsimile map availability and ordering information has been updated (Gordon Beck has assumed the responsibilities of filling facsimile orders from Cheryl Woods).

French version of ACMLA top page...

This project continues to be a work in progress.

Many Thanks to Cheryl Woods for her help and for providing server space for this site. And Many Thanks to David Jones and Shirley Harmer for their continuing support.

Respectfully submitted,

Nan Fern
